Note 1 – Organization and Basis of Presentation

Horizon Group Properties, Inc. (“HGPI” or, together with its subsidiaries “HGP” or the “Company”) is a Maryland corporation that was established on June 15, 1998. The operations of the Company are conducted primarily through a subsidiary limited partnership, Horizon Group Properties, L.P. (“HGP LP”) of which HGPI is the sole general partner. As of March 31, 2010 and December 31, 2009, HGPI owned approximately 68.4% and 68.3%, respectively, of the partnership interests (the “Common Units”) of HGP LP. In general, Common Units are exchangeable for shares of Common Stock on a one-for-one basis (or for an equivalent cash amount at HGPI’s election).

The accompanying unaudited condensed consolidated financial statements include the accounts of all majority-owned subsidiaries, and all significant inter-company amounts have been eliminated. Due to the seasonal nature of certain operational activities, among other factors, the results for the interim period ended March 31, 2010 are not necessarily indicative of the results that may be obtained for the full fiscal year.

These condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) and include selected information and disclosures for the interim periods. Accordingly, they do not include all of the disclosures required by GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes for the year ended December 31, 2009.

The Company’s primary assets are its investments in subsidiary entities that own real estate. HGPI consolidates the results of operations and the balance sheets of those entities of which the Company owns the majority interest and of those variable interest entities of which the Company is the primary beneficiary. The Company accounts for its investments in entities which do not meet these criteria using the equity method. The entities referred to herein are consolidated subsidiaries of the Company, unless they are discussed in Note 4; those entities are accounted for using the equity method of accounting.

Note 2 - Summary of Significant Accounting Policies

The condensed consolidated financial statements have been prepared in conformity with GAAP, which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities (including disclosure of contingent assets and liabilities) at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

In the opinion of management, all adjustments necessary for a fair statement of the financial position and results of operations for the interim periods presented have been included in these condensed consolidated financial statements and are of a normal and recurring nature.

Principles of Consolidation

The condensed consolidated financial statements include the accounts of HGPI and all subsidiaries that HGPI controls, including HGP LP. The Company considers itself to control an entity if it is the majority owner of and has voting control over such entity. All significant intercompany balances and transactions have been eliminated in consolidation. In accordance with GAAP, the Company also consolidates variable interest entities if it is that entity’s primary beneficiary.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Pre-Development Costs

The pre-development stage of a project involves certain costs to ascertain the viability of a potential project and to secure the necessary land. Direct costs to acquire the assets are capitalized once the acquisition becomes probable. These costs are carried in Other Assets until conditions are met that indicate that development is forthcoming, at which point the costs are reclassified to Construction in Progress. In the event a development is no longer deemed probable, the costs previously capitalized are expensed when the project is abandoned. At March 31, 2010 and December 31, 2009, pre-development costs classified as Other Assets and Construction in Progress were \$700,000 and \$3.5 million, respectively.

Discontinued Operations

In accordance with GAAP, assets held for sale are valued at the lower of carrying value or fair value less costs to dispose. GAAP requires that the results of operations and gain/(loss) on real estate properties sold or held for sale be reflected in the consolidated statements of operations as "Income/(Loss) from Discontinued Operations" for all periods presented. As of March 31, 2010 and December 31, 2009, no assets were classified as held for sale. Results of operations from the shopping center located in Holland, Michigan, which was sold on July 20, 2009, are included in the discontinued operations line items on the condensed consolidated statements of operations. GAAP also requires that prior period financial statements presented are reclassified for comparability. This reclassification has no effect on the Company's previously reported net income or loss.

Fair Value Measurements

The Company adopted the provisions of FASB Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures" for nonfinancial assets and liabilities effective January 1, 2009. ASC 820 establishes a framework for measuring fair value and expands disclosure about fair value measurements in financial statements. The various inputs that may be used to determine the fair value of the Company's assets are summarized in three broad levels:

- Level 1 - Quoted prices in active markets for identical securities
- Level 2 - Other significant observable inputs (including quoted prices for similar securities, interest rates, credit risk, etc.)
- Level 3 - Significant unobservable inputs (including the Company's own assumptions used to determine value)

At March 31, 2010 and December 31, 2009, the Company held marketable securities that total approximately \$10.8 million and \$11.4 million, respectively, and are considered to have Level 2 fair value inputs. The Company did not hold any Level 3 assets during the three months ended March 31, 2010 or the year ended December 31, 2009.

Revenue Recognition

Leases with tenants are accounted for as operating leases. Minimum annual rentals are recognized on a straight-line basis over the terms of the respective leases. Rents which represent basic occupancy costs, including fixed amounts and amounts computed as a function of sales, are classified as base rent. Amounts which may become payable in addition to base rent and which are computed as a function of sales in excess of certain thresholds are classified as percentage rents and are accrued after the reported tenant sales exceed the applicable thresholds. Expense recoveries

(unaudited)

based on common area maintenance expenses and certain other expenses are accrued in the period in which the related expense is incurred.

Income Taxes

Deferred income taxes are recorded based on enacted statutory rates to reflect the tax consequences in future years of the differences between the tax bases of assets and liabilities and their financial reporting amounts. Deferred tax assets, such as net operating loss carryforwards which will generate future tax benefits, are recognized to the extent that realization of such benefits through future taxable earnings or alternative tax strategies in the foreseeable future is more likely than not.

As of March 31, 2010 and December 31, 2009 and for the periods then ended, the Company did not have a net liability for any unrecognized tax benefits. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits as interest or general and administrative expense in the statement of operations. For the periods ending March 31, 2010 and 2009, the Company did not incur any interest or penalties. The Company is not subject to examination by U.S. federal tax authorities for tax years before 2007.

Recent Financial Accounting Standards

ASC 810 "Consolidation" contains guidance modifying how a company determines when an entity that is insufficiently capitalized or is not controlled through voting (or similar rights) should be consolidated. These provisions of ASC 810 clarify that the determination of whether a company is required to consolidate an entity is based on, among other things, an entity's purpose and design and a company's ability to direct the activities of the entity that most significantly impact the entity's performance. These provisions of ASC 810 require an ongoing reassessment of whether a company is the primary beneficiary of a variable interest entity ("VIE"), and also require additional disclosures about a company's involvement in VIEs, including any significant changes in risk exposure due to that involvement. These provisions of ASC 810 are effective for fiscal years beginning after November 15, 2009 and did not have an impact on the Company's condensed consolidated financial statements.

Subsequent Events

The Company has evaluated subsequent events through June 30, 2010, the date the condensed consolidated financial statements were available to be issued, and determined that there have been no significant events that have occurred through that date that have not been reflected in the condensed consolidated financial statements and/or disclosed in the notes to the condensed consolidated financial statements.

The centers subject to the transaction are located in Burlington, Washington; El Paso, Texas; Fremont, Indiana; Gettysburg, Pennsylvania and Oshkosh, Wisconsin. Bright Horizons acquired a 22.5% interest in the entities that own the outlet centers (excluding the entity that owns the center in El Paso, in which it acquired a 19.6% preferred interest and a 17.8% common interest). The total price for the acquired ownership interests was \$1.35 million. No gain or loss was recognized on this transaction. In May 2010, Bright Horizons acquired an additional 26.5% interest in the entities that own the outlet centers (excluding the entity that owns the center in El Paso, in which it acquired an additional 23.6% preferred interest and an additional 21.8% common interest) for additional consideration of \$1.35 million. Bright Horizons is controlled by Somerset Outlet Center, L.P., of which Howard Amster, a director and significant stockholder of the Company (“Howard Amster”) owns a controlling interest and Gary Skoien, Chairman, President and CEO of the Company (“Gary Skoien”) owns a non-controlling interest.

Pre-Development Projects

On July 8, 2008, the Company formed Winding Brook Center, LLC, a joint venture for the development of an outlet center in Richmond, VA. The Company’s partner will contribute land and the Company will contribute cash in an amount equal to the land value, when and as needed for the construction of the center. At March 31, 2010 and December 31, 2009, the Company had incurred pre-development costs of \$700,000 for this project which are classified in Other Assets on the condensed consolidated balance sheet (See Note 2) and at March 31, 2010 had outstanding commitments for capital expenditures on leases signed (which amounts become payable when the spaces are delivered to the tenants) in the amount of \$1.95 million.

On November 18, 2008, the Company entered into a Preformation Agreement with Cousins Properties, Inc. (“Cousins”) for the development of The Outlet Shoppes at Oklahoma City, a planned 341,400 square foot outlet shopping center in Oklahoma City, Oklahoma. The center is planned for the intersection of Interstate 40 and Council Road. Construction began in June 2010. The Company currently has an option on the land which expires on July 31, 2010. The Company is overseeing the development, management and leasing of the project. At March 31, 2010 and December 31, 2009, the Company had incurred pre-development costs of \$2.8 million for this project which are classified as Construction in Progress on the condensed consolidated balance sheet (See Note 2) and at March 31, 2010 had outstanding commitments for construction costs and capital expenditures on leases signed (which amounts become payable when the spaces are delivered to the tenants) in the amount of \$89,000 and \$10.6 million, respectively. The Company will receive reimbursement for pre-development costs in excess of \$2.0 million together with substantial leasing and development fees if and when the joint venture is formed.

The Company has outstanding commitments for construction costs and tenant allowances on leases signed (which amounts become payable when the spaces are delivered to the tenants) at March 31, 2010 in the amount of \$89,000 and \$12.6 million, respectively, which are not reflected on the balance sheet as of March 31, 2010. These amounts include the commitments for the pre-development projects (see Note 3). These capital expenditures are expected to be paid during 2010 and 2011 and are anticipated to be funded from capital improvement escrows, construction financing, equity contributions and additional borrowings.

Note 6 – Secured Debt

Total secured indebtedness was \$141.2 million and \$142.4 million at March 31, 2010 and December 31, 2009, respectively. Cash paid for interest for the three months ended March 31, 2010 and 2009 was \$1.5 million and \$1.8 million, respectively. Interest advanced on loans or reserve accounts tied to loans for the three months ended March 31, 2010 and 2009 was \$413,000 and \$274,000, respectively. The Company capitalized interest totaling \$30,000 and \$86,000 for the three months ended March 31, 2010 and 2009, respectively.

The Company's ability to secure new loans is limited by the fact that most of the Company's real estate assets are currently pledged as collateral for its current loans. The Company will pay the scheduled principal amortization in the normal course of business during 2010 and is in the process of or anticipates refinancing or extending the maturities of the remainder of the \$43.5 million of obligations due prior to March 31, 2011.

The Company is currently negotiating with the servicer of the mortgage loan to 5000 Hakes Drive LLC with respect to modifying the terms of that loan. The Company has requested that a portion of the funds in the loan's releasing reserve be utilized to pay a portion of the monthly debt service starting with the payment due February 1, 2010. The Company has not yet reached an agreement with the servicer and has not paid its monthly debt service payment since January 2010.

MB Financial, the lender on the mortgage loan to Village Green Associates, LLC with a maturity date of May 15, 2010, has expressed an interest to further extend the maturity to February 15, 2011 pending receipt of a satisfactory updated appraisal of the property.

In April 2010, US Bank, the lender on the mortgage loan to Huntley Development Limited Partnership ("HDLP") which is secured by approximately 404 acres of vacant land in Huntley, Illinois and guaranteed by the Company, amended the loan to waive an additional six months of interest that were previously required to be added to the reserve and instead required the Company to begin the payment of interest out of pocket commencing with interest for April 2010. In June 2010, the Company secured a commitment from US Bank to extend the maturity of the loan to January 31, 2011. The commitment requires the Company to pledge its interest in the Huntley Series C TIF bonds (see below) to US Bank as additional collateral and make principal payments of \$10,000 each in August and September 2010 and \$20,000 per month beginning in October 2010.

In July 2007, the Company entered into a guaranty agreement in connection with the \$6.0 million mezzanine loan to Gettysburg Outlet Center Holding, LLC, as borrower, from CW Capital LLC, as lender. The guaranty contains covenants (the "Guaranty Covenants") requiring that the Company maintain net worth of at least \$25.0 million and liquidity of \$5.0 million, each of which is to be reasonably determined by CW Capital. Although an uncertainty exists as CW Capital has not provided definitions with respect to the terms contained in the Guaranty Covenants, the Company believes it is in compliance with the Guaranty Covenants and has received no notice of default with respect to its compliance with the Guaranty Covenants.

The Company has exercised its option to extend the maturity of the loan from Cathay Bank to El Portal Center, LLC to September 1, 2010. This extension required a \$250,000 principal repayment to be paid in five monthly installments of \$50,000 beginning April 2010. The Company will engage in negotiations with Cathay Bank with respect to a further extension of the loan beyond September 1, 2010.

Huntley Net Profits Interests and TIF Bonds

Gary J. Skoien was formerly the Executive Vice President and Chief Operating Officer of The Prime Group, Inc. ("Prime Group"). In connection with his employment with Prime Group, Mr. Skoien was previously granted an interest (the "Skoien Net Profits Interest") in the net profits generated by HDLP, an entity which owns approximately 408 acres of land in a master planned community in Huntley, Illinois (the "Huntley Project"), which obligation the Company assumed in connection with the purchase of the Huntley Project from Prime Group. The Skoien Net Profits Interest consists of a 9.675% participation in the Net Cash Flow (as defined in Mr. Skoien's Net Profits Agreement) distributed to the Company (excluding distributions of all amounts contributed or advanced by the Company to the Huntley Project plus interest per the terms of the agreement) from the Huntley Project. The Company has recorded a liability for the Skoien Net Profits Interest in the amount of \$1.1 million as of March 31, 2010 and December 31, 2009, which represents its estimated fair value as of such dates and which amount is included in Participation Interests and Other Liabilities on the Company's condensed consolidated balance sheets.

The Company granted to Prime Group and certain of its affiliates, a participation interest of 26% of the net cash flow distributed from the Huntley Project (the "Prime Group Participation Interest") as additional consideration for the purchase of the Huntley Project from Prime Group. The Prime Group Participation Interest does not entitle Prime Group to participate in decision making or otherwise control the activities of the Huntley Project. No amount is payable to Prime Group until the Company has received distributions in excess of its purchase price and advances made by the Company to the Huntley Project plus a 40% return on such amounts, compounded quarterly. Aggregate amounts payable pursuant to the Prime Group Participation Interest are limited to \$5.0 million. No liability has been recorded by the Company for the Prime Group Participation Interest as its current fair value is estimated to be zero.

In 1993, the Village of Huntley (the "Village") created a Tax Increment Financing District (the "TIF District"). In 1995, the Village sold \$7.0 million of Series A TIF bonds and \$14.0 million of Series B TIF bonds and issued to HDLP Series C TIF bonds with a principal amount of \$24.4 million. In May 2009, the Village sold \$14.3 million of Series 2009 TIF Bonds (the "Series 2009 TIF Bonds"), the proceeds of which were used to retire the Series A and B TIF bonds.

In connection with the issuance of the Series 2009 TIF Bonds, HDLP assigned a portion of the tax increment allocable to the Series C TIF bonds to the Village. The assignment agreement provides that payments made with respect to the Series C TIF bonds will be distributed in the following order of priority: (i) HDLP will receive the first \$204,285 annually until it has received a total of \$1.43 million; (ii) the next \$3.04 million will be allocated 75% to HDLP and 25% to the Village; and (iii) amounts in excess of those in (i) and (ii) will be allocated 25% to HDLP and 75% to the Village. The Series C bonds are subordinate to the Series 2009 TIF Bonds. Currently, no portion of the tax increment is available to the Series C TIF bonds and no value has been ascribed to them by the Company.

The TIF District contains approximately 900 acres of land currently or previously owned by HDLP or Huntley Meadows Residential Venture. The source of repayment for the Series 2009 TIF Bonds and Series C TIF bonds is (a) 100% of the increase in real estate taxes on the land in the TIF District above the taxes in place when the TIF District was created, (b) one-half of the Village's one percent (1%) sales tax collected on retail sales occurring within the TIF District and (c) reserves associated with the Series 2009 TIF Bonds. The repayment of the Series 2009 TIF Bonds is not an obligation of the Company and thus is not reflected on the Company's condensed consolidated balance sheets as a liability.

Prior to the issuance of the Series 2009 TIF Bonds, a portion of the proceeds from the sale of certain land parcels in the TIF District was held in a collateral account (the "TIF Bond Collateral Account") for the benefit of the Series B TIF bonds until those parcels were improved. The balance in the TIF Bond Collateral Account was approximately \$4.0 million at December 31, 2008, and was included in Restricted Cash on the Company's condensed consolidated balance sheet as of that date. HDLP received \$1.1 million from the TIF Bond Collateral Account in February 2009 after development criteria were met by a particular land owner. In connection with the issuance of the Series 2009 TIF Bonds the balance of the TIF Bond Collateral Account (approximately \$2.9 million) was released to HDLP in May 2009.
